

# SanketLife Pro+

For Professionals – Now take ECG Anytime, Anywhere!!

The most compact and convenient cardiac monitor used by doctors and professionals, SanketLife Pro+, enables you to get a 12-lead ECG anytime, anywhere. The hassle-free, wireless device records ECG and displays results on android/iOS smartphones via SanketLife Application.

The SanketLife Pro + can be used like any lead-based ECG machine for varied clinical demands, as it takes into account the varying needs of patients. This is achievable without compromising device efficiency or portability. The SanketLife Pro + can be easily converted into a lead-based ECG monitor which enables it to provide ECG as accurate as a Traditional ECG machine. Switching the device is possible with the help of DB15 cables and a converter called SwitchSy, which is available as a combo with SanketLife Pro+.
