AN APPROACH ROAD TO FORTUNE FORTY APARTMENT

DEAR SIR,

On behalf of Fortune Forty Association, representing 80 families in your constituency, we bring attention to a pressing issue affecting our community.

The open space leading to Fortune Forty Apartments and nearby apartments lacks a designated road, resulting in inconvenience and safety concerns for residents. The absence of proper infrastructure impacts our daily lives and poses challenges with safety risks heightened for pedestrians and children, impacting our overall sense of security.

We kindly seek your assistance in advocating for the development of approach road for our community. Your support will significantly enhance the well being of our residents.

We extend an invitation for you to visit our community, providing insights into the challenges we face due to absence of proper approach road. Thank you for your time and consideration. We eagerly anticipate your support in addressing this critical issue and improve living conditions.

Sincerely,

Fortune Forty Association
